PROTECT YOUR HOME FROM GERMS AND BACTERIA

Premium
Quality

THE GENESIS

The company's journey began in 1988 when Mr. Avtar Singh Gujral established a strong foundation. Later, it was seamlessly transitioned into the capable hands of his son, Mr. Charanjeet Singh Gujral, a chemical engineer from IIT Mumbai. Agri Ventures FZE has evolved into a trusted manufacturer and global supplier of high-quality home and hygiene products, including hand wash, floor cleaners, toilet cleaners, dishwash liquids, bath foams, laundry detergents, and white phenyl, reflecting our commitment to cleanliness, safety, and the evolving needs of our customers.

OUR INFRASTRUCTURE

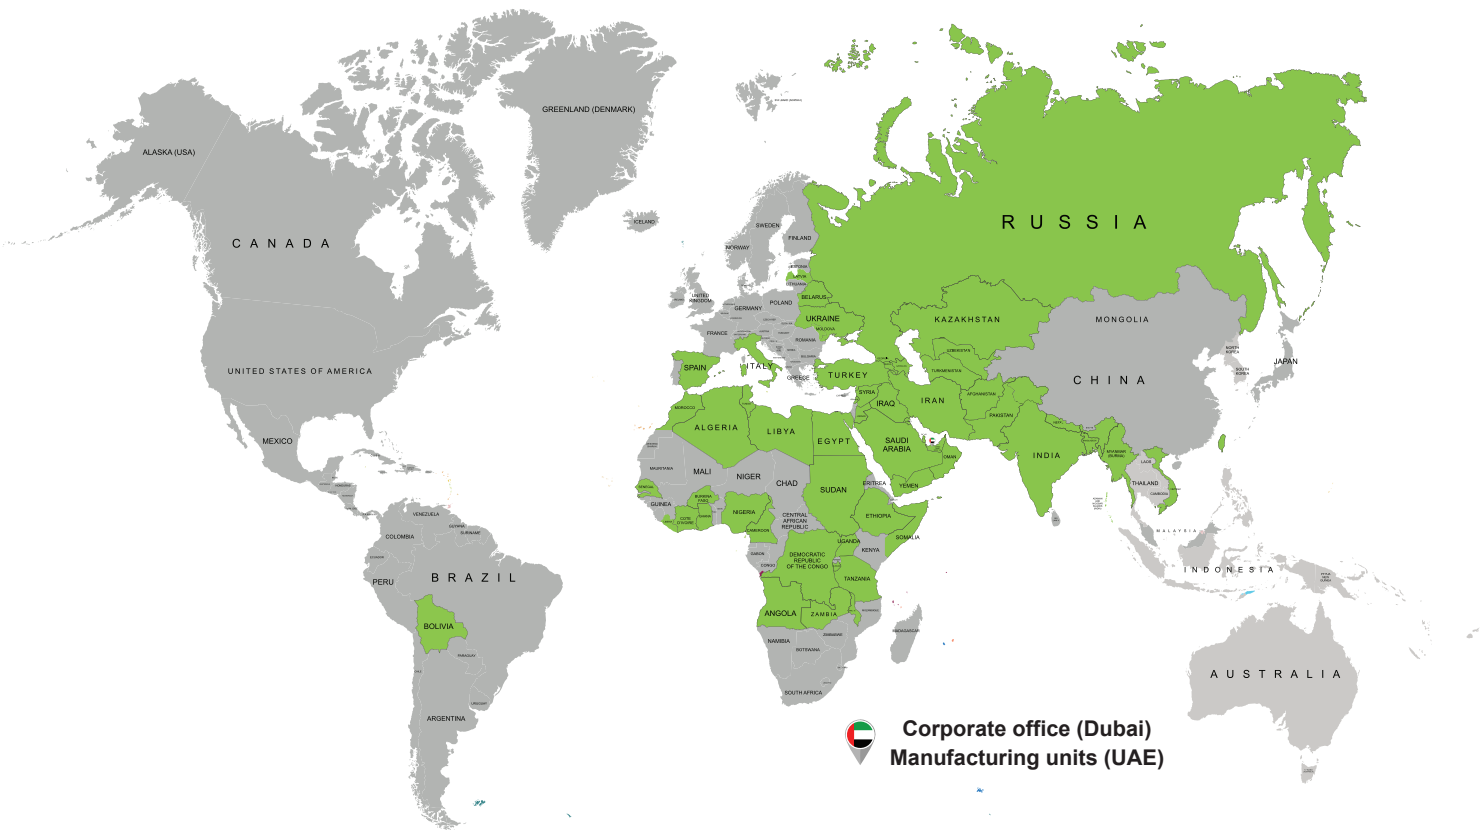

We have strategically positioned our infrastructure to support our global operations and meet the needs of our clients.

Head Office: Business Bay, Dubai, UAE

Manufacturing units: Hamriyah Free Zone Sharjah- UAE, Ras Al Khaimah- UAE, Ludhiana-India

Distribution & Warehousing: We maintain distribution and warehousing facilities in Africa, the Middle East, and India to ensure efficient supply chain management. To further enhance our capabilities, we have initiated forward integration efforts by establishing a streamlined distribution infrastructure in regions across Central Asia and the South East Asia. This robust infrastructure allows us to provide top-notch products and services to our clients while effectively managing our global supply chain.

OUR GLOBAL FOOTPRINTS

OUR CREDENTIALS

LIQUID BLEACH

Water and Sodium Hypochlorite (5.25%)

Bleach liquid is designed to clean and deodorize. It cleans white clothes and removes stains. It also kills germs that cause malodor. It gives excellent cleaning result when used in washing machine with laundry detergents.

- Effectively removes tough stains and dirt with minimal effort.
- Suitable for all types of fabrics, including delicate garments.

Application

Automatic machine washing: One cup of bleach per washing machine load with good laundry detergent for excellent cleaning results. Hand Washing: add $\frac{1}{4}$ cup bleach per gallon of suds water for normal hand washing. Use little more for heavy soiled cloth. Use rubber gloves to protect your hands. For general cleaning and disinfecting: Use bleach to clean and deodorize bathrooms and kitchens. It cleans by removing stains and killing germs that cause odors. Clean with a solution of $\frac{3}{4}$ cup bleach per gallon of warm water for kitchens, sinks, floor, tubs and tiles. For stains: pour bleach undiluted on stains spots; let stand for 10 minutes and rinse with water

Storage

Store in its original container in cool and dry place away from food and feeding stuff

Precaution

- Keep away from the reach of children
- Do not use bleach on silk, wool, mohair, leather or on fading colors.
- Do not use bleach with toilet bowl cleaners or other cleaners with ammonia.
